

# OCEAN MATH ACTIVITIES

Use seashells for hands-on elementary math! These ocean math activities are fun for summertime, or anytime.

## Terms and Conditions of Use

Thank you for visiting Frugal Fun for Boys and Girls! I hope that you find this download to be useful!

This file is for personal, classroom, or public library use only. By using this file, you agree that you will not copy or reproduce the file except for your own personal, non-commercial use.

**You may** print as many copies as you'd like to use in your own classroom, home, or public library.

**You may** post online about a printable (for example, taking a photo of your child or student using it), but you must give proper credit to Frugal Fun for Boys and Girls and must link to the original source for downloading.

**You may not** claim my files as your own or alter them in any way.

**You may not** sell or in any way profit from my electronic files.

**You may not** store or distribute my files on any other website or another location where others are able to electronically retrieve them. For example, you may not post them to Facebook forums or Dropbox.

**You may not** email my files to others or transmit them in any other fashion.

# Seashell Arrays

Roll two dice. Build an array with shells that matches the numbers you rolled. For example, if you roll 4 and 5, build an array that is 4 rows by 5 shells. Record your multiplication sentences here.

# Seashell Measuring

Choose items from your home or classroom to measure with seashells. Record what you measured, and how many seashells long it was.

| Object Measured | How Many Shells Long? |
|-----------------|-----------------------|
|                 |                       |
